

MEMORANDUM FOR: the Record

A telephonic reply was provided to [ ] in the DDA's office on 24 June. Our only comment concerned Section 5-3, relating to the Interagency Information Security Committee, suggesting that wording be included to explain the purpose of ~~the~~ functions of this Committee. It should be noted, however, that the wording in the proposed draft is identical to the wording in the existing Executive Order. [ ] said she would include this comment in the DDA response anyway.
